

ADMINCORP EXTENDS WORKPLACEMENT EXPERIENCE TO LOCAL PEETO MULTICULTURAL CENTRE

OCTOBER 2008

Admincorp Limited has provided another workplacement experience for the next two weeks for Russian student Tania studying at PEETO. Offering this service to the local PEETO multicultural learning centre provides the opportunity for students to apply their English language learnings within a work setting.

Tania will gain a broad overview of the fast paced and technical world of virtual administration in her time with Admincorp which will prove to be great experience for her when continuing her studies at a local secretarial college.

Debra Clark manages all workplacements to ensure an in depth overview is given while also allowing the student to pursue knowledge and gain experience in particular areas of interest.

Debra has a vast amount of knowledge and experience in traditional and virtual administration across many varying industries. Debra splits her time between micro managing Admincorp Limited, research and development and technical administration education and training.
