MYOB AccountEdge

The ideal accounting and business management software solution for businesses using the Mac.

MYOB is one of the country's leading providers of business management software, designed specifically for New Zealand's small businesses and accounting practices.

MYOB is making business life easier, with a comprehensive range of services and products designed to help you manage your operation.

Your Mac. Your business. Your AccountEdge.

At MYOB we believe our customers have the right to choose how they run their business. We also believe that, whether you use a PC or a Mac, your business deserves to benefit from the best possible business management software.

MYOB has been providing Mac users with business software for many years. It's a commitment and track record that few software companies in the world can match. So when you choose MYOB AccountEdge as your business management software, you know that your decision is backed by a company committed to its customers and determined to maintain its position as a world leader in Mac-specific business management software.

Manage your business with ease using MYOB AccountEdge. It's packed with business and inventory management features to help you better manage your customer and supplier relationships.

If you bill clients for your time, it provides you with a clear view to what needs to be billed and how your employees are spending their time. MYOB AccountEdge is the perfect software solution for Mac-based businesses.

Get started fast

The Easy Setup Assistant prompts you with a series of questions that help you set up your accounts according to your industry and business needs and get you up and running in minutes. You can then get straight into recording your business transactions, even if you aren't familiar with accounting concepts and principles.

Bill for your time the way you want to

The time-billing functions in MYOB AccountEdge have been designed to work exactly the way you collect and bill your time.

- Track your hourly and non-hourly, chargeable and non-chargeable activities
- Bill by employee, customer or activity rate
- Partially charge, write off time or defer your billing until next month
- Set up records for all the activities your company provides
- Create activity slips that track the amount of time spent performing any activity for a client
- Bill clients with a specially-designed time billing invoice
- Allocate a GST code to all your activities
- Bill for time and materials on the one invoice
- Import time billing activity slip information into your employee pays.

Manage all your sales and purchases

MYOB AccountEdge's sales and purchases systems are flexible and easy to use, so you can adapt them to the way your business works. Create quotes, orders and invoices, and choose from several customisable invoice layouts. MYOB AccountEdge makes it easy to schedule your recurring invoices and purchases. Just set them up once and be reminded when they're due, or automatically have MYOB AccountEdge record them for you. You can also handle complex transactions including deposits, discounts, lay-bys, returns, credits and adjustment notes.

You can also control the amount of credit you extend to customers with optional credit limit warnings, and place customers on Credit Hold until payment is received.

AccountEdge – factsheet

Keep track of your inventory

Enter inventory items, record detailed descriptions (even images) and track all their movements. MYOB AccountEdge offers full manufacturing build and backordering capabilities automatic when items run below preset stock levels, and also allows you to:

- Create instant purchase orders for backordered items – AccountEdge will fill in the primary supplier and the last price paid for you
- Base your pricing strategies on customer status
- Specify up to six pricing levels and five quantity breaks
- Categorise and analyse the inventory with three user-defined lists and five years of item history
- Easily reconcile your inventory balance at any point of time.

Record foreign currency transactions

If you import or export goods, handling foreign currency transactions and exchange rate gains and losses can be a challenge. But with MYOB AccountEdge's multiple-currency capability you can record transactions in foreign currencies and keep track of realised and unrealised exchange rate gains and losses. You can track bank accounts held in foreign currencies and easily view your accounts receivable and accounts payable balances in New Zealand dollars as well as in the foreign currency.

Track GST and simplify GST reporting

Report GST on either a cash or accrual basis, and work with both GST inclusive and exclusive prices. With MYOB AccountEdge you can:

- Have your GST number automatically entered on all necessary invoices and forms
- Create professional tax invoices quickly
- Handle a variety of New Zealand-specific taxes
- Generate reports showing all GST collected and paid

Generate current and future budgets

Project and plan for the future success of your business. MYOB AccountEdge quickens and simplifies the budgeting process by enabling you to plan next year's budget while you're still in the current year. You can now work on all your balance sheet accounts and profit & loss accounts in one window in a simple spreadsheet format. With shortcuts, you can copy actuals from last year to the current year's budget figures, making it easier to compare actuals from year to year. And budgets can be imported and exported to and from MS Excel in one simple step.

Email quotes, invoices, statements and reports

Save time and costs by emailing your quotes, orders, invoices and statements straight to your customers. You can also email quotes and orders to your suppliers for faster processing. Send your forms individually or in batches – the process is just as easy.

Design your own forms

MYOB AccountEdge makes it easy to design your own quotes, invoices, statements and other forms that you use in your business. Add colour, images, logos, background images and other design elements to create forms that are consistent with your business image and allow you to present a professional image.

Access contact information instantly

Store your entire customer, supplier, employee and personal contact information in the easy-to-access Card File. With MYOB AccountEdge you can:

- Store up to five addresses and five contacts per card
- Categorise contacts into three groups
- Search by individual, company, postcode range, last contact date and more
- Maintain a detailed contact log
- View a five-year snapshot of your customer or supplier history
- Zoom in on a customer's balance for an instant Accounts Receivable report.

Analyse your business in more than 200 ways

Make informed business decisions based on accurate and detailed information.

- Over 200 flexible reports and charts
- Assess up-to-date Profit and Loss Statements and Balance Sheets
- Produce comprehensive reports and send to Microsoft® Excel for further analysis
- Email or save reports to disk for your accountant
- Use the Company Data Auditor to detect common processing errors and to ensure the integrity of your business information.

Connect with Office software

MYOB AccountEdge seamlessly connects to Microsoft Office, the world's most popular office products. It enables you to create personalised letters for customer-focused marketing and communication with Microsoft Word and send your reports to Microsoft Excel for refined data analysis.
